PRESS RELEASE

Discover the fabulous world of the role-playing game *Goodgame Hercules*

The latest release by the German game developer *Goodgame Studios* from Hamburg takes its players into ancient Greece with its fantastic heroes, mythic gods and monsters

Hamburg, 01/06/2011

Facing a dangerous hydra, getting in the ring with Hercules, taking a flight on the back of the winged horse Pegasus, or even being in service of the father of gods Zeus – all these exciting adventures are possible with *Goodgame Hercules*. From now on this new free multiplayer game can be played online in both German and English at <http://www.goodgamestudios.com/hercules>.

With tactics towards triumphal wreath

Live combats against real players stand in the spotlight of this fascinating browser game. The innovative combat system with multiple tactical options, allowing a free choice between offensive and defensive actions, guarantees an enduring diversity of game experience. A number of combat skills can be additionally trained and enhanced. Furthermore, in the mythic world of *Goodgame Hercules* players can also complete single campaigns or become involved in group-based assignments. Each player can decide whether to meet all these challenges as an athlete, a philosopher or a warrior. The top of Olympus can be reached in no time by those who manage to use their experience points efficiently and acquire the necessary weapons from the merchants. But can it be also successfully defended from the numerous rivals?

Easy access to magnificent game world

The online game, seventh in the family of game products by *Goodgame Studios*, traditionally captivates by its family-friendly content, colorful design and accessibility. A comprehensible tutorial is aimed at facilitation of game access for the beginners. This makes *Goodgame Hercules* suitable for people of all age categories.

In the meantime, the online games by *Goodgame Studios* entertain more than 70 million people worldwide monthly and are available in 20 languages at various social networks, gaming websites as well as on the home page of the company at <http://www.goodgamestudios.com>. The company is continuously working on new game contents and limited editions of game items. The next release launching presently is a brand new management game under the title *Goodgame Disco*, which will surely rock the online gaming scene.

Goodgame Studios is a successful social games developer from Hamburg, whose manifold game portfolio includes such popular titles as classic card game debut *Goodgame Poker*, colorful farm simulation *Goodgame Farmer*, fascinating role-playing game *Goodgame Mafia*, as well as bright management game *Goodgame Café*. Over 100 employees are currently working at *Goodgame Studios* on the development of further online games played by millions of enthusiastic players from all over the globe.

About Goodgame Studios

Goodgame Studios is a social games developer from Hamburg with focus on social online games market. The rapidly growing company was founded by brothers Dr. Christian Wawrzinek (COO) and Dr. Kai Wawrzinek (CEO) in June 2009. The current portfolio of Goodgame Studios includes seven family-friendly and entirely in-house produced games played in 20 languages by more than 70 million people monthly. Three further games are planned for launch shortly. After reaching a number of 100 employees by the beginning of 2011, the company is currently seeking over 20 qualified employees for further expansion.
