With early access, players can look forward to the first two chapters of the game, packed with an engaging story and lively characters. The story will be continuously expanded with free updates and thus guarantees ongoing fun for all pixel farmers.

As the unexpected heir to their missing Grandfather's farm, the player has the opportunity to rebuild the farm to its former glory. Tending their crops, and taking care of the farm animals will keep the player busy but they must also find time to search for their missing Grandfather. There is always something to do in Big Farm Story. Whether expanding or decorating the farm or farmhouse, or visiting your neighbors. Explore, harvest and collect in the nearby forests and learn new skills like fishing or mushroom picking! The dynamic day and night rhythm provides additional variety.

Big Farm Story is available on Steam and as an early access pioneer, players will receive the following content:

- Sweet piglet as an exclusive pet that accompanies the player and finds treasures
- A resting basket for the piglet at home
- 6 furniture and decorative elements for the individual design of the farmhouse
- 12 XP-Flower seeds

Over the coming weeks and months, players can also expect additional fresh and free content for Big Farm Story such as:

- **Gameplay expansion:** More animals, pets, crafting recipes and resources to gather will be added along with progressing the story chapter-by-chapter by introducing new characters.
- **Multiplayer:** Players will be able to meet and chat with people in town, invite their friends to visit their farm
- **Cooking:** Players can combine products of the Big Farm Story world and turn them into delicious food to buff themselves, reward friends or fulfill contracts!
- And many more...

On top, players that love the game a lot and want to support the development team, as well as future game content, can also add a Premium Pioneer Package or even get it as a cool bundle. The Premium Pioneer Package will add even more good-looking items to the in-game inventory with a super exclusive unicorn pig as a pet and an additional exclusive decorative element, the Piggy Bench.

The "Big Farm" brand has attracted more than 86 million players worldwide with the titles "Big Farm" and "Big Farm: Mobile Harvest". Big Farm Story will deliver a completely new gameplay experience fitting to Steam.

ABOUT GOODGAME STUDIOS

Goodgame Studios is a leading developer and publisher of gaming software, specializing in the free-to-play segment. Its focus is on mobile and browser games. The company offers games in 26 languages and has over 400 million registered users worldwide. Empire: Four Kingdoms – the world's all-time highest grossing app produced by a German company – is part of Goodgame Studios' portfolio. The games developer was founded in Hamburg in 2009. Apart from the head office in Germany, the company has a subsidiary in Tokyo. Since January 2018, Goodgame Studios is part of Stillfront Group, a leading free-to-play powerhouse of gaming studios.
